## Surfinia Series

8-12" x 12-18"

Wild Plum

## Surfinia Sumo Series

18-20" x 35-55"

Pink

Bold Lilac

## Petunia Notes

- Probably most common and best known annual
- Habit: Varies depending on variety. These varieties range from trailing to mounded-trailing.
- Incredibly resilient, heat tolerant, benefits from deadheading.

# Petchoa

**SuperCal Premium Series** 14-18"x14-26"

*Bordeaux*   *Cinnamon*   *French Vanilla*   *Sunray Pink*   *Orange Sunset*

**SuperCal Series** 14-28"x14-22"

*Blue*   *Rose*

## Petchoa Notes

- Cross between PET-unia and calibra-CHOA
- Habit: Mounded trailing.
- Flowers larger than calis, but smaller than petunias.
- Not as sticky as petunias.

# Geraniums

**Calliope Series (Interspecific)**

Large: 16-20" x 20-24"      Medium: 14-18" x 16-20"      Cascade: 12-16" x 20-24"

*Large Burgundy*   *Large Dark Red*   *Large Magenta*   *Large White*   *Large Salmon*   *Medium Dark Red*   *Cascade Violet*

**Great Balls of Fire Series (Ivy)** 12-16" x 12-18"

*Merlot*

**Cascade Series (Ivy)** 12-16" x 20-24"

*Acapulco*

## Geranium Notes

- Among the most heat tolerant annuals, blooms continually all summer
- Habit: Varies depending on variety. Calliope and Marcada are mounded/trailing. Rocky Mountain and Presto are upright/mounded.
- Deadheading is easy and doesn't have to be done very often.

# Lobelia

## Lobelia Notes

- One of the only true blues
- Airy texture adds dimension
- Spreading habit - doesn't trail too much.
- Modern varieties have been bred to take full sun / heat, but may still struggle with our lack of humidity.

**Techno Series** 6-10" x 18-22"

*Blue*   *Cobalt Blue*   *White*   *Violet*

# Nemesia

## Nesia Series

10-14" x 10-12"

*Inca*

*Burgundy*

*Denim*

*Magenta*

*Tropical*

*Tutti Frutti*

*Bananaberry*

*Snowangel*

## Sunsatia Series

10-14" x 12-16"

*Blood Orange*

## Nemesia Notes

- Incredibly showy, most varieties very fragrant.
- Habit: Varies depending on variety: Nesia are upright/mounded. Sunsatia are spreading/trailing.
- Don't always hold up well to the heat and wind.

# Verbena

## Lanai Series

4-6" x 12-18"

*Blue*

*White*

*Red*

*Candy Cane*

*Bright Eye*

*Cyclops Purple*

*Lilac*

*Peach*

*Twister Purple*

*Twister Hot Lips*

*Compact Red Star*

## Verbena Notes

- Very heat tolerant.
- Spreading habit - they root in along their stems.
- Tend to spread their color well amid the other flowers, poking out here and there.
- Butterfly and hummingbird attractant.
- Some people itch after touching them.

# Bacopa

## Megacopa Series

4-6" x 12-18"

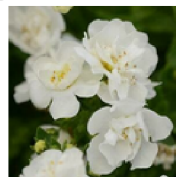

*White*

*Blue*

## Scopia Series

6-8" x 12-14"

*Double Snowball*

## Bacopa Notes

- Delicate, bridal looking flowers.
- Drops blossoms if it gets dry - even once.

# Osteospermum

## Osteo Notes

- Daisy form flower blooms best in cooler temps (spring and fall), but can slow down or stop blooming in the hottest part of the summer. Daisy Falls is supposed to be more heat tolerant.
- Works great with more heat tolerant plants to take over during the summer.

# Sanvitalia

## Sanvitalia Notes

- "Creeping zinnia"
- Does best during the hottest part of the summer.

# Mecardonia

## Mecardonia Notes

- Groundcover plant that slowly spreads throughout the pot.
- No deadheading.
- Prefers consistent moisture, but is relatively drought tolerant.

# Scaevola

## Scaevola Notes

- "Fan flower"
- Exceptionally heat tolerant - looks great in high summer.

# Euphorbia

## Euphorbia Notes

- Exceptionally heat tolerant - looks great in high summer.
- Requires little water and no deadheading.

# Phlox

**Gisele Series** 10-12" x 14-18"

Hot Pink      White      Pink      Red

## Phlox Notes

- Mounded, compact habit - only 8 to 12 inches tall.
- Doesn't trail - truly mounding.
- Deadheading is easy (take off the whole flower cluster) and doesn't have to be done very often.

# Salvia

*Hummingbird Falls*  
8-12" x 18-24"

## Salvia Notes

- Exceptionally heat tolerant.
- Most are upright, Hummingbird Falls is trailing.
- Pollinator attractant.

# Thunbergia

**TowerPower Series** 2' x 5-8'

Orange      Red      White      Yellow

## Arizona Series

*Pink Beauty*

## Thunbergia Notes

- "Black-eyed Susie vine"
- Climbs up and trails down
- Vigorous (almost aggressive) grower.

# Lophospermum

**Lofos Series**  
8-12" x 24-36"

Compact Rose

# Bidens

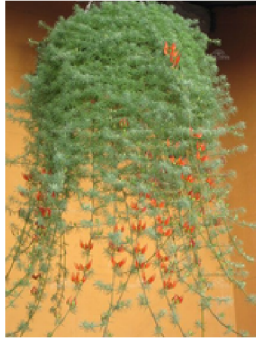

*Bee Happy Orange*  
10-14" x 18-24"

## Bidens Notes

- Heat tolerant and eye attracting. Pollinator attractant.
- Can get a bit unruly but will do well with a "haircut."

# Lotus

*Amazon Sunset*  
6-8" x 24-36"

# Dorotheanthus

*Mezoo Trailing Red*  
6-8" x 18-24"

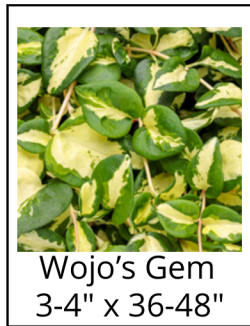

# Vinca

*Maculata*  
3-4" x 36-48"

*High Color*  
3-4" x 36-48"

*Wojo's Gem*  
3-4" x 36-48"

# Ipomoea

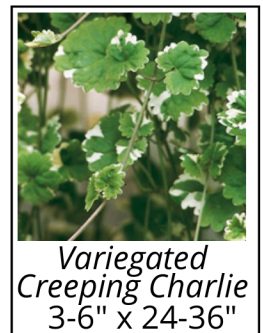

*Marguerite Sweet Potato Vine*  
10-12" x 24-36"

*Blackie*  
10-12" x 24-36"

# Glechoma

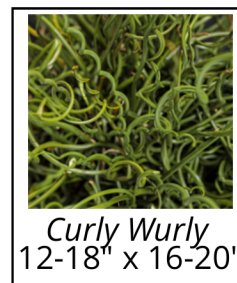

*Variegated Creeping Charlie*  
3-6" x 24-36"

# Scirpus

*Fiber Optic*  
10-14" x 10-14"

# Juncus

*Curly Wurly*  
12-18" x 16-20"
